

NOSHOK

Press Release

FOR IMMEDIATE RELEASE

NOSHOK UPGRADES SWITCH PRODUCTS

Berea, Ohio (April 8, 2010) We have upgraded our 200 and 300 Series Mechanical Switches to provide increased versatility, along with significantly improved repeatability and contact ratings.

Both the 200 and 300 Series Switches now provide an increased switching frequency of 100 cycles per minute, and improved switching repeatability of $\pm 2.0\%$. They also feature superior contact ratings: AC up to 250 V - 4 A, and DC up to 28 V - 2 A, and are RoHS compliant.

Other improvements include adjustable hysteresis in the 300 Series Switch (10-30% of switch point), and the 200 Series Switch function is now SPDT (Single Pole Double Throw).
