

FOR IMMEDIATE RELEASE

SIMPLE SOLUTIONS FOR INDICATION, OUTPUT, AND ISOLATION WITH BLEED

Berea, Ohio (February 27, 2012) Simplify your system with this easy-to-install solution from NOSHOK.

Three simple components that require a single threaded connection in your piping system will provide local indication, control output and block/isolate with bleed function.

This product grouping is an ideal solution for a variety of applications including oil and gas.

This example represents a general solution; however we offer a diverse range of gauges, transmitters and valves which are available with a variety of connection options and ranges to suit your needs.

Please contact our Customer Support Department at 440.243.0888 to discuss your specific application, and we will provide you with a customized solution.
