Measurement Solutions

Pressure & Level • Temperature • Force • Needle & Manifold Valves • Diaphragm Seals

NOSHOK ANNOUNCES NEW WEBSITE

Berea, Ohio (February 1, 2013) As part of our ongoing effort to continually improve customer satisfaction and communication, NOSHOK announces the launch of our updated and redesigned web site at www.noshok.com.

NOSHOK’s new web site presents our complete offering of pressure & level, temperature, and force measurement solutions along with needle & manifold valves and diaphragm seals in a vibrant, new, high-tech design which is not only visually engaging, but improves functionality and ease of navigation.

The new site maximizes the visibility of product information for intuitive navigation, and provides more comprehensive technical and application information. Users will have easy, minimal click access to product information including specifications, part number construction, ordering information, technical manuals, warranty information and product dimensions.

The site also includes down-loadable catalog and flyer PDFs, news & events, a “Find a Regional Sales Manager” interactive map, a detailed company history timeline, company policies, compliances, registrations and certifications, helpful reference tools and FAQ’s.

NOSHOK, Inc. is a leading supplier of pressure, level, temperature and force measurement instrumentation, along with needle & manifold valves, serving major industries around the world. Products include pressure gauges, pressure and temperature transmitters, transducers & indicators, pressure switches, needle valves, manifold valves, pressure snubbers, bimetal thermometers, force measurement sensors and diaphragm seals. These products meet and exceed the application requirements of OEMs and industrial users seeking exceptional quality, reliability and value.

For more information on NOSHOK products, please visit our website at <http://www.noshok.com>
